

ENERGY MANAGEMENT PROGRAM

 **CALL FOR MORE INFORMATION**
844.763.0535

THE BEST SERVICE

The Kansas Association of School Boards (KASB) has partnered with WoodRiver Energy to form the Energy Management Program (EMP). Serving more than 170 school districts and organizations across Kansas, this program, has been providing savings since the mid-1990s. The program's success underscores its significant impact on local resources and student achievement. With recent energy market volatility, the value of the program to its members and communities has become even more apparent.

-  **REAL DOLLARS SAVED**
Join 170 districts in saving millions of dollars every year
-  **MINIMIZE VOLATILITY**
Get strong multi-year contracts which minimize volatility and fluctuation.
-  **STRATEGIC MANAGEMENT**
Work directly with utility and energy market experts
-  **NO RISK FOR SUPPLY & DEMAND**
If demand increases, no need to worry about supply issues
-  **PROTECT AGAINST RISING COSTS**
Get a fixed cost, excluding transportation fees

WHO IS WOODRIVER ENERGY?

Since 2014, WoodRiver Energy has provided cost-effective solutions for commercial, industrial, and educational customers to help manage energy costs with customized natural gas solutions. Their team of experts partner with customers to design an energy plan that fits their operations and budget.
